

JOIN THE CONVERSATION!

Join us for a **Family First Regional Convening** for Community Stakeholders in the **The Lakes Region**

Hosted by the Department for Community Based Services (DCBS), Kentucky Youth Advocates, and Voices of the Commonwealth

As a community stakeholder interested in the well-being of children and families, you can play a vital role in the implementation of the Family First Prevention Services Act in Kentucky. Family First is federal legislation that creates reforms within federal child welfare funding to ensure states can focus more on keeping kids in families safely, whether that is their family of origin or circumstance. The regional convenings, which are taking place in all nine DCBS regions, will cover information about the federal legislation, anticipated changes in Kentucky over the coming months and years, and reflections on both from stakeholders directly affected by those changes.

Friday, June 7
