

Southern Bluegrass Region: Action Plan

Connecting Communities to Support Families and Well-Being

Prevention Strategies	Prevention Objectives	Levels of Prevention Addressed (Primary and/or Secondary)	Projected Timeline (Short term or Long Term)
<p>Prevention Strategy 1:</p> <p>Coordinate implementation of Plan of Safe Care (POSC) model to address maternal and infant health outcomes</p>	Establish a POSC collaboration group.	Secondary	Short term: 6 months
	Compile best practices on the utilization of POSC in 3 other states and review at meeting in 3 months.	Secondary	Short term: 3 months
	Discuss the Department for Community Based Services (DCBS)'s current Community Response pilot occurring in Clark County, including evaluation of the current measures of success. If evidence supports, increase the number of counties utilizing Community Response by 2 additional counties by Dec 31.	Secondary	Short to long term: 3-12 months
<p>Prevention Strategy 2:</p> <p>Increase the number of families connected to resources</p>	Increase the number of partners equipped to screen families for needs.	Secondary	Short to long term: 6-18 months
	Update the current community resource guide and increase accessibility through a Spanish language version.	Primary and secondary	Short term: 6 months
	Facilitate strategic partnerships to distribute resource information.	Primary and secondary	Short to long term: 3-12 months
	Align regional efforts and support to increase resource knowledge and the benefits of resource utilization for the Latinx community through an awareness campaign.	Primary and secondary	Short to long term: 6-12 months
