Join a statewide council of biological parents - both mothers and fathers - who have a closed child protective services case and wish to advocate to improve services for families using their experience.

What **KY SEAT** does:

- Gives birth parents a voice
- Advocates for child welfare system changes
- Makes recommendations to policy makers
- Serves as a resource hub for families
- Works with key decision makers and service providers for an accountable, transparent child welfare system that supports families with compassion and respect

Ensuring Parent Voice has a **SEAT** at the Table
