

Sponsorship Opportunities

Bounce builds the resiliency of children, adults, and families by improving knowledge about the impact of adverse childhood experiences (ACEs) and the skills to help people bounce back from adversity.

Bounce Grand Rounds is a community learning opportunity where professionals hear a case study about children who have struggled with adversity and collaboratively brainstorm interventions and resources that can change the trajectory for those young people. These events take place twice a year and build professional skills and connections among community members who care about the future of kids and their families.

We are committed to keeping Bounce Grand Rounds events inclusive and free—and this is only possible with the support of our sponsors.
