

Kentucky Youth Advocates believes all children deserve to be safe, healthy, and secure.

As the independent voice for Kentucky's children, we work to ensure policymakers create investments and policies that are good for all children.

Partner with legislators, the Governor, and other elected officials to change and enact policies that benefit youth and their families.

Help guide families who don't know where to turn through complex systems and challenges.

Mobilize advocates to take action through rallies, advocacy training, partnerships, and action alerts.

As the independent Voice for Kids we...

Conduct research and education that informs and recommends solutions to help kids succeed.

Present the "state of kids" to communities to help people know how children are faring and how to address problems.

Engage youth by training the next generation of leaders to advocate for themselves and their communities.

How we advocate for policy change

When policy is good for kids... **We support it!**

When policy is bad for kids... **We work to improve it!**

When policy is missing... **We create it!**

STATEWIDE INITIATIVES
